I live near this property and see no reason to not support this application for a variance. The property is at the end of the road and it appears to not impede of be in conflict with transportation routes or other properties.

Support for Variance Application at 9233 Winchester Rd

It has come to our attention that a development variance application is being requested at 9233 Winchester Rd Vernon, BC to allow for an accessory building; specifically, a 12x16 shed on the front setback and a reduction in the front setback.

Please see my signature and contact information below providing my support for this application.
