Dear RDCO Planning Section

RE: WFN Referral Response – Conditional Consent

In reference to the above referral, Westbank advises that we have completed a review of the proposed activity pursuant to our decision-making process, and we are giving our conditional approval to the project described in RTS5958, in regards to scope, time period, and other matters, provided that Regional District of Central Okanagan is able to meet the following conditions:

Reason	Explanation
Archaeological Results	To have WFN archaeology conduct assessment prior any development or ground disturbance. Contact Nancy Bonneau, WFN archaeologist at 250-769-2440 or nbonneau@wfn.ca.

If the above noted conditions are not accepted and fully implemented then our approval is not given. Or, if the information we have provided is found to be incorrect, incomplete or if the project or circumstances surrounding the project changes in any way, we request that you contact us immediately. Our consent to the project will then be withheld until a full review is undertaken based on the new information. Please be advised that Westbank retains the rights to be consulted and accommodated on any other activity or project that could impact our aboriginal rights and title.

Please note that our participation in the referral and consultation process does not define or amend Westbank's Aboriginal rights and title, or limit any priorities afforded to Aboriginal rights and title, nor does it limit the positions that we may take in future negotiations or court actions.
