RE: 2020 Community Excellence Awards

Mayor Chair Given and Board,

Congratulations on being chosen for an Honourable Mention in the Excellence in Sustainability category for your project - Regional Floodplain Management Plan.

Please accept UBCM's Excellence in Sustainability plaque that acknowledge your outstanding achievement and we hope that you will display it with pride.

We will be positing profiles of all our 2020 Community Excellence Award winners on the UBCM website at www.ubcm.ca. If your community is interested in obtaining a copy of the Excellence in Sustainability Category video that was shown during the virtual awards ceremony, please let us know and we would be happy to send along a link where you can easily download it.

Again, congratulations on a job well done!

Sincerely,

Danyta Welch
Manager, Local Government Program Services
